Standard Guarantee

OF AMERICAN SHORTHORN BREEDING ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

SHOW CLASSIFICATION AND PREMIUM AWARDS

BULLS

CLASS 1 - Calved before April 1, 1961

INFORMATION FOR THE BUYER

HOTEL RESERVATIONS: Make reservations as far in advance as possible. Write directly to the American Shorthorn Association or the Indian Hills Inn, 8501 W. Dodge Road, Omaha, Nebraska, mentioning the Polled Congress.

SHIPPING ARRANGEMENTS: It is the obligation of the consignors and this Society to see that all cattle are properly loaded on cars or trucks as directed by the buyers. Cattle will be at buyer's risk as soon as bid off, but every precaution will be taken to see that animals arrive in sound and healthy condition. **BE SURE TO LEAVE DEFINITE SHIPPING INSTRUCTIONS WITH THE CLERK AT TIME OF SETTLEMENT.**

TERMS: The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction.

GUARANTEE: All animals sold in this sale will be backed by the Standard Guarantee endorsed by the American Shorthorn Association which is printed in this catalog.

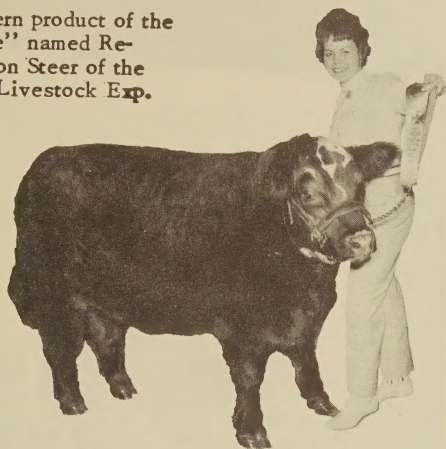

AUCTIONEER: Dick Kane, Wisner, Nebraska.

MAIL BIDS: Those unable to be present who desire to take advantage of the buying opportunities in this sale may rest assured that mail bids will be honestly executed. Please contact any of the following men. They can be reached at the American Shorthorn Association office.

Steve Treadway	American Polled Shorthorn Society
C. D. Swaffar	American Shorthorn Association
Ted Aegerter	American Shorthorn Association
Merv Aegerter	The Shorthorn World

ARROWHEAD UPHEAVAL - We have never raised an animal that had as much vigor, ruggedness, and doing ability as this bull. At 5-1/2 months he was too big to get into the calf creep; from 20 to 25 months he was running out with the cows, no grain, and doing a good job of settling them; at 28 months (though not quite ready) he was shown at the Illinois State Fair where he stood fifth in a class of 10 very strong 2 year old bulls, and at Iowa where he stood first. His maternal sister, a year younger, stood third at the same show. We have calves by him now, and they are chips off the old block, strong and rugged, and the right kind too.

T P S CORONET LEADER 21st

Bull T P S CORONET LEADER 21ST x3098-353 RE T053 Thieman

T P S CORONET LEADER 21ST - A tremendous, fast-gaining, sound, balanced, good legged, grand headed bull with plenty of style and quality. At 12 months he weighed 1140 pounds. At 27 months he weight 2150 pounds. His sire is a 100% dehorner and at maturity weighed 2450 pounds. Priam Royal Leader was sold for export to Australia for \$7500 dollars. Just recently a group of his calves sold for an average of over 5000 dollars. He is recognized as one of the all time great breeding bulls in Australia of any breed. The dam of this bull is a grand large cow that always produces exceptionally well. We have kept the females of this Nonpareil family. Much could be written about this bull and his pedigree. If you want an outstanding large, fast gaining bull, here he is.

**3****Bull****PRIAM'S RETURN x3095-811****RE 19****Seely**

MAX LEADER 50th - Another all red bull, that should be a 100% dehorner. Jugglers Bequest x, after being used here, was the first Polled bull used at Landfather's of Mo. is his, then all Shorthorn herd and never sired a horned calf. His sire was top selling at Thieman's sale and Intn'l. first prize bull in 1957 being 100% dehorner, too. This bull is very good headed, good bone and lots of natural thickness, has a lot of weight and quality too.

Nonpareil Lady 138th 2722353
Roan, Chenault Todd

T P S CORONET LEADER 24th - A son of T P S Coronet Leader 7th, sold for export to South Africa at a long price. T P S Max Commander 8th was also sold to South Africa. Killearn Max Juggler and T P S Max Coronet 5th were both International Grand Champion bulls. Juno Coronita produced another International Grand Champion bull and also a female that topped an International Sale. This is the same Nonpareil family that produced the white bull we are selling in this sale. Size and substance, balance and quality, and a great fast-gaining bull. At 12 months he weight 1080 pounds.

**8****Bull CORRECT QUALITY x3132-913 RE 4R61 Syring**

Red, calved April 4, 1961. Bred and owned by R. A. Syring, Scotland, South Dakota.

WHITE OAK MARSHALL - Is a solid red, thick, deep, well quartered bull with plenty of bone. He is by White Oak Lancer a great breeding son of the International Champion Creekland Lancer and out of a daughter of Willow Lee Wonder 17th and she out of an imported dam of the Augusta family from the MacGillivray herd in Scotland. This could be one of the great breeding bulls to be sold this year.

MAX LEADER 59th - An all red bull that's probably one of the real top bulls raised by us. He reminds one of 100% dehorner Jugglers Type - thick, deep and what bone, very good head, has the looks of quite a herd bull with size and quality. His dam won her class at the National Show at Iowa State Fair and Reserve Junior Champion at Nebraska State Fair in 1955 and his 100% dehorning sire was first at the International in 1957. Leader 4th is now at A. L. Russell, Fullerton, Nebraska

WAWYO POLARIS MISSILE - Our first polled son of SCOTSDALE POLARIS out of a granddaughter of JUGGLER'S TYPE. An exceptionally smooth, well balanced calf with a strong head showing a lot of character. He was an out-standing calf when he arrived and is becoming more impressive as he matures.

LOOKING FORWARD WITH CONFIDENCE--

If such terms as trends and performance accurately label the forerunners to prosperity, then we can look forward with confidence to the future of POLLED SHORTHORN beef cattle.

POLLED SHORTHORNS share the universal trend toward "hornless beef cattle" -- a trend both rapid and popular in its acceptance and expansion.

Add to this the fact POLLED SHORTHORNS and SHORTHORNS stem from the same roots. In each of these "naturally hornless" beef animals, then are imbedded those vital fundamentals that over multiple generations have unmistakably been labeled Shorthorn property.

Never forget that foremost among these fundamentals is the breed's phenomenal ability to "rapidly and efficiently tack on valuable pounds of red meat all along the productive process." And by golly there isn't a livestock market in all America that doesn't pay the producer on the basis of POUNDS OF BEEF and COMPARABLE QUALITY!

POLLED SHORTHORNS: naturally hornless -- perpetuators of the "Shorthorn Influence"!

GLATWYN FAVORITE - A great prospect that we added since he will be the right age to make someone a top show bull under the new classification. Sired by the champion sire and out of the second top female in the Illinois Silver Anniversary Sale that is making a good brood cow. He can do some winning and sure looks like a stock bull coming on. He is bred to breed on. We did not have the time to get a picture of him, but take a look at this youngster.

U is for UNITY ^{& Umph!} —

Unity is forerunner to pronounced progress. And Umph is that extra special, unexplainable something that speeds it along its way. Unity - Umph ... they're both integral ingredients in the recorded significant march forward for POLLED SHORTHORN beef cattle.

MAPLEWOOD MAIN MISS 13th - A double bred heifer in the blood of Richardson's great old breeding bull, Lynnwood Mainline. We bought this heifer from Richardson's in our October Sale to keep - but thought she would add quality to our Congress when we were needing more females. A good headed, straight, beefy, sound, dark roan brood cow prospect that are not easy to find. Calfhood vaccinated and bred since December 2, 1962 to Glatwyn Notable, whose first calves caused a lot of favorable comment during our fall sale and I'm sure you will be seeing his calves out at the shows soon as they are old enough.

HAPPINESS CORONITA 14th - Every animal in this pedigree has a great progressive story. Study the footnotes on the bulls we are selling for the sire's side. The dam of this heifer was a show cow as well as a grand large brood cow. Killearn Max Juggler was an International Grand Champion bull. Oakwood Happiness 4th made Polled Shorthorn history in one of the earliest National Polled Congress Sales. We recommend this heifer as a great foundation female. We just mated this heifer to T P S Coronet Galaxy. Bang's vaccinated.
